Re: Year 5 South Asian Day

2nd February 2023

Dear Parents / Carers,

I am writing to let you know that a curriculum enrichment day has been planned for your child based around our current topic of 'South Asia'. This exciting day will take place on **Tuesday 7th February** and will run within school hours. Your child will have the opportunity to take part in creating a project, based on their learning of South Asia, which they will share. The children will choose a country within South Asia and will work as a team to use their knowledge and research to create the exciting project.

The purpose behind the day is to promote a love for our topic and gain a deeper understanding of South Asia - as this is an area that is relevant to many of our children. **This is an opportunity for the children to come in traditional dress, or clothes they feel represents them or their culture/heritage and where they're from.**

The children will also experience what food is like in South Asia. This will include a selection of naan bread (baked by the children themselves), masala curry sauce and various South Asian sides. We have worked with the catering team and are aware of any allergies your child may have.

We would also like to invite you to our museum afternoon which will run from 2:00 – 2:45 pm, on Tuesday 7th February. This museum afternoon will showcase a range of the children's work and learning throughout spring term so far. You will also have an opportunity to visit your child in class as they complete their project and hopefully they will be able to share with you what they have learnt so far. It is essential that our children can talk about their learning to an audience.

Yours sincerely,
Miss Booth and Miss Hassan
