1. Scope

This Academy Accessibility Policy applies to all pupils who are on roll at Charville Academy.

2. Aim

Academies are required under the Equality Act 2010 to have an accessibility plan. The purpose of this plan is to:

- Increase the extent to which pupils with disabilities can participate in the curriculum
- Improve physical access to the environment of the academy to enable pupils with disabilities to take better advantage of education, benefits, facilities and services provided
- Improve the availability of accessible information to pupils with disabilities.

The academy aims to treat all of its pupils fairly and with respect. This includes providing access and opportunities for all pupils without discrimination of any kind.

3. Legislation

This document meets the requirements of [schedule 10 of the Equality Act 2010](#) and the Department for Education (DfE) [guidance for schools on the Equality Act 2010](#).

The Equality Act 2010 defines an individual as disabled if they have a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on their ability to undertake normal day to day activities.

Under the [Special Educational Needs and Disability \(SEND\) Code of Practice](#), 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments, such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

Schools are required to make 'reasonable adjustments' for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a pupil with disabilities faces in comparison with a pupil without disabilities. This can include, for example, the provision of an auxiliary aid or adjustments to premises.

This policy complies with our funding agreement and articles of association.

4. Duties

Charville Academy recognises its duty:

- Not to discriminate against disabled pupils in their admissions and exclusions and provision of education and associated services
- Not to treat disabled pupils less-favourably
- To take reasonable steps to avoid putting disabled pupils at a substantial disadvantage
- To publish an accessibility plan.

The Governing Board of Charville Academy recognises its duty to:

- Increase the extent to which disabled pupils can participate in the curriculum
- Improve the physical environment of the academy to enable disabled pupils to take better advantage of education, benefits, facilities and services provided
- Improve the availability of accessible information to disabled pupils.

5. The Curriculum

Charville Academy provides all pupils with a broad and balanced curriculum, differentiated and adjusted to meet the needs of individual pupils. We endorse the key principles which underpin the development of a more inclusive curriculum:

- Setting suitable learning challenges
- Responding to pupils' diverse learning needs
- Overcoming potential barriers to learning and assessment for individuals and groups of pupils.

6. Information Collection

We collect information regarding the needs of pupils from a range of sources including:

- Information from previous settings
- Information from parents/ carers
- Information from a range of professionals
- Information from pupil records provided to the school

All documentation is uploaded to CPOMs (Child Protection Online Monitoring System) and shared with relevant staff.

7. Working with Other Agencies

We take advice on support needed for children with disabilities and work with experts alongside individuals and their families to ensure they have the support necessary to fully include them in the life of the academy.

Examples of the professional the academy currently works alongside include:

- Doctors
- Community Health/Nursing
- Occupational Therapy
- Physiotherapy
- SEND advisory service
- Speech and Language Therapy
- Inclusion Team
- Behaviour Support Team
- Other medical professionals
- Other educational settings.

8. Site Accessibility/Adaptation

Charville Academy consists of a two-storey split building with wide corridors and several access points from outside. The main entrance features a secure lobby with ramp access and has been fitted with a low reception desk, this being fully accessible to wheelchair users. There are accessible toilet facilities available, one in admin corridor, one by the KS2 playground, one in 'The Hub' and one in the dining hall. These are fitted with a handrail and an emergency pull cord. The lower hall is on the ground floor and is accessible to all.

The academy has internal emergency signage and escape routes are clearly marked.

All outside areas are tarmacked and fully accessible to wheelchair users and includes parking bays for those with blue badges.

All classrooms are fitted with appropriate lighting and interactive whiteboards, font sizes and colours can be amended to meet individual needs. Other resources are used in classrooms as needed for example magnifiers, IPADS and laptops. Radio transmitter equipment is hired from the local authority when required for pupils with a hearing impairment.

In addition to the above the Hub is fitted with sound baffling and has a low level of visual stimulation to reduce the impact on pupils attending the provision.

All children have opportunities to join age relevant extra-curricular activities, including residential, beyond and within the school day. All children are included in a range of educational visits which support and stimulate the academy curriculum. Staff consider the needs of all pupils when planning these activities and carry out appropriate risk assessments to ensure all children may participate. Advice is sought from other adults involved with children who may have special requirements and from the health and safety adviser.

The academy makes additional provision for pupils with special educational needs and disabilities to access the curriculum through the Inclusion Manager and SENCO.

9. Accessing the Plan

The academy makes its accessibility plan available on the academy website and in different formats such as large print upon request.
