Personal Statement :

I am currently a stay-at-home mum, with a child attending Charville Academy. As a parent, I feel passionate about ensuring that my child and all children at the school receive the best possible experience, care and support. I hope to bring a valuable parental perspective to discussions and contribute positively to decisions that benefit the whole school community.
I have experience working across a variety of sectors, including Early Years, construction, business administration, customer service, food and beverage, and hospitality. I hope to draw on the skills and knowledge I have gained throughout my career to make a positive contribution to my role.
In my spare time, I enjoy listening to music, spending time with my family, baking and studying. I believe that there is always something new to learn and that continuing to develop our knowledge and skills helps us grow as individuals.
